## PORTER & STOUT

*Much like other styles of beer, this one ranges quite a bit from London Porters to Russian Imperial Stouts. No clear distinction is made between stout and porter, although stouts tend to be slightly more robust. These beers tend to be rich in mouth feel and can be sweet, dry, bitter, or malty, but one thing is for sure; all are full flavored and dark in color due to their use of dark roasted grain.*
